"No - For those who are paying attention, seeing more reports how many GOP have lied about their accusations about Biden and getting caught. "

"No - If they are left leaning, they will not vote for DT. "

"No - I think people by now already know who they are voting for. Trump is so obnoxious and offensive that anyone in the right mind will not vote for him -- only his MAGA friends and billionaires who want more tax cuts."

"Not sure - It's on Fox news 24/7."

"Not sure – Voters, in both parties want choices in their primaries. Neither party seems to want to give the voters choices. I predict the Democrats will lose because we don't have choices of electable candidates. Time to pass the torch to a younger generation. 86% of voters believe Biden should graciously step aside. He did a great job in his first term but the people rarely hear about these legislative successes . Shame on the VP and all Cabinet Members that aren't telling the public about these achievements. "

"Yes - What he did was just plain wrong!"
